Does Early Life Exposure to Cigarette Smoke Permanently Harm Childhood Welfare?  
Evidence from Cigarette Tax hikes?

David Simon

While working on this project, Simon received funding from the Russell J. and Dorothy S. Bilinsky Foundation and funding in the form of a dissertation improvement grant from the National Science Foundation.

Simon used restricted use data from the National Center for Health Statistics (NCHS), and the NCHS reviewed the findings of this paper before publication in order to make sure that confidentiality was not compromised.

Aside from these research funds, the author declares that he has no relevant or material financial interests that relate to the research described in this paper.
