Re: "Location Location Location" by Card, Rothstein and Yi

I attest to the following

1. The research for this project was supported in part by funding for research assistants provided by the Center for Labor Economics (CLE) at UC Berkeley. CLE funding is provided for my projects with no review before or after of the content of the project. No other support was received by me.
2. I have received no support from a party with any interest (financial, political, or ideological) in the topic of locational wages differences.
3. I have no paid or unpaid positions with a party that has any interests (financial, political, or ideological) in the topic of locational wage differences.
4. The paper relies on non-public data maintained by the U.S. Census Bureau; results were reviewed by the Census Bureau for disclosure avoidance prior to circulation.

Sincerely,
