

Disclosure Statement**Author: Jeffrey Hemmeter****Paper: “Explaining Variation in Child SSI Receipt: The Role of Medical CDRs”****Journal: AEA Papers and Proceedings**

The author declares that he is an employee of the Social Security Administration. He has no other relevant or material financial interests that relate to the research described in this paper.

IRB approval was not obtained for the project as it uses administrative data from the Social Security Administration and other publicly available observational data.

The data used in this paper is from the Social Security Administration and SSA employees reviewed the results of the study prior to dissemination to ensure that the confidentiality of the data is not compromised.

Access to SSA data is subject to restrictions. The programs used in this analysis are available on request to researchers with access to these data through a data use agreement.
