“The Broad Decline in Health and Human Capital of Americans Born after 1947”

Dr. Nicholas Reynolds

March 23, 2024

This research benefited from fellowship/grant support from two National Institutes of Health training grants (T32 HD007338), the Fellowship on the Economics of an Aging Labor Force from the National Bureau of Economic Research (with support from the Sloan Foundation), and funding from the British Academy/Levehulme Trust. I completed part of the research at the Population Studies and Training Center at Brown University, which receives funding from the National Institutes of Health (P2C HD041020) for general support.
