

American Economic Journal: Economic Policy
Disclosure Statement

Date: August 27, 2023

Author: Joakim A. Weill

Title of Manuscript: “Flood Risk Mapping and the Distributional Impacts of Climate Information”

1. This article benefited from financial support from the John Muir Institute of the Environment at UC Davis, and the Center for Data Science and Artificial Intelligence at UC Davis.
2. I benefited from data access granted by Zillow (ZTRAX dataset) and the First Street Foundation (Flood Lab Affiliate data). These data are confidential but can be obtained by contacting the relevant research consortiums.
3. I declare that I have no relevant material or financial interests that relate to the research described in this paper.
4. The disclosures above apply to my close relatives.
5. An earlier version of this paper was previously posted on SSRN under the name “Perilous Flood Risk Assessments”. No other party had the right to review the paper prior to its circulation.

The views expressed in this paper are solely my responsibility and should not be interpreted as reflecting the opinions of the Federal Reserve Board or of any other person associated with the Federal Reserve System.

Joakim A. Weill
