To whom it may concern,

The data used in the paper "The Unintended Consequences of Academic Leniency" were obtained from the North Carolina Education Research Data Center (NCERDC), Duke University. In accordance with our data licensing agreement with NCERDC, we note that sharing the restricted-access data used in this manuscript is strictly prohibited.

Prior to the dissemination of this study NCERDC reviewed the manuscript to ensure that the confidentiality of the data is not unintentionally compromised.

I have no additional relevant or material financial interests to disclose.

Sincerely,

Zach Weingarten
