VINCENT PONS |
ASSISTANT PROFESSOR

23 October, 2017

Dear Editor,

Please find below my disclosures for the paper “Will a Five-Minute Discussion Change Your Mind? A Countrywide Experiment on Voter Choice in France,” forthcoming at the *American Economic Review*.

This project received approval under exempt status by MIT COUHES (approval number was 1309005873).

I would like to report that I am the cofounder of a start-up specialized in electoral strategy in Europe, LiegeyMullerPons (<http://www.liegeymullerpons.fr/en/>). Besides this position, I have no relevant financial interests that relate to the research described in this paper.

I did not receive any financial support for this research. I ran the experiment while working as one of the three national directors of the field campaign studied in the paper, for which I received a monthly salary from January to May 2017.

Please do not hesitate to contact me should you require any further information.
Sincerely,
