

Disclosure statement for “Social Networks as Contract Enforcement: Evidence from a Lab Experiment in the Field”

Funding for this project was provided by NSF grant SES-0752735, JPAL, MIT's CIS, MISTI-India, and MIT's Shultz Fund. This draft was not reviewed by any funder. I declare having no financial interest relevant to this study. The study received IRB approval from MIT COUHES (#0903003174), as the authors were students at MIT at the time that data collection and initial data analysis occurred.
