Subject: Disclosure Statement for Submission of “Compliance Behavior in Networks: Evidence from a Natural Experiment”

I hereby certify that I have no conflict of interest linked to my research on the project “Compliance Behavior in Networks: Evidence from a Field Experiment” (joint work with F.Mengel and C. Traxler).

I do not have any relevant material or financial interests that relates to the research described in this paper. I received funding from the Fondazione Compagnia Sanpaolo to conduct this work.

The majority of the data were provided by Fee Information Service (FIS). We have not received any payments or financial support from FIS. Neither FIS nor any other organization had the right to review the paper prior to its circulation.

There is no Institutional Review Board (IRB) at my institution, so I could not have asked for IRB approval.

Sincerely,

Francesco Drago  
Professor of Economics
